**AREA** 

SPECIAL USE PERMIT **CLASS B VARIANCE** Appeal No.: 3282 6-3-2021 An application is hereby made to the Zoning Board of Appeals pursuant to the City of Plattsburgh Zoning Ordinance for a variance to allow the property use as herein described. Applicant: Applicant's Address: Telephone No.: 202.16-1-1 Parcel Identification: Location of Request: Property Owner: FIDM Request Description: **Zoning District:** 340-11 Section Appealed: Previous Appeal: No.: Date: Identify Applicant's Right to Apply for Variance: Long Term Lease: Contract To Purchase: Ownership: Other (Please Explain): Applications for Zoning Variances must be accompanied by:

13 copies of existing and proposed site plan plus original application.

13 copies of existing and proposed floor plan.

The Zoning Board of Appeals may impose reasonable conditions and restrictions on the grant of area and use variances provided they are directly related to and incidental to the proposed use of the property. Such conditions shall be consistent with the spirit and intent of the zoning law, and shall be imposed for the purpose of minimizing any adverse impact such variance may have on the neighborhood or community.

## PROCEDURE IN APPEALING THE ZONING ORDINANCE SPECIAL USE PERMIT

DEADLINE FOR FILING APPLICATION		6	25/202	
ZONING BOARD MEETING DATE	4	19	2021	7:00 Pm

The Zoning Board of Appeals has been empowered to hear and decide all appeals to the Zoning Ordinance and to do so the Board holds public meetings once a month.

The attached appeal application must be completely filled out and returned to the office for action by the Zoning Board of Appeals at their monthly meeting. The filing fee for said application is as follows:

One and Two-family dwellings -	\$100.00
Multiple Dwellings	\$150.00
Commercial Properties	\$150.00

All checks should be made payable to the "City Chamberlain". In order for your appeal to be heard in the same month you apply, the appeal form and fee must be received by this office three weeks prior to the scheduled meeting of the Zoning Board of Appeals. All applicants or their representatives should attend the Zoning Board of Appeals Public Meeting of their appeal to answer any questions the Board may have regarding their request.

In filling out the form, please be specific and supply the Zoning Board of Appeals with all the necessary information requested on the form. If you are requesting a Variance from the Ordinance, you must detail why the literal enforcement of the ordinance will produce an undue hardship, while the variance requested will adhere to property is no proof of hardship within the purpose of zoning. In addition to the above, an applicant must submit adequate drawings and a site plan of all requests which will involve any construction, alterations, or physical change of their property. Thirteen (13) copies of the application, drawings and plans are required, plus the original application. We recommend the plans be approved before the thirteen (13) copies are made.

Before the Zoning Board of Appeals may hear and decide your appeal, this office must first:

- 1. Publish the request in three successive issued of the Press-Republican newspaper not less than five nor more than ten days before the hearings.
- 2. Notify, by letter, all property owners within 500 feet of the appeal property location of your request.

This office is responsible for implementing the above requirements.

If there are any questions, please feel free to contact this office.

Thank you for your cooperation.

#### Full Environmental Assessment Form Part 1 - Project and Setting

#### **Instructions for Completing Part 1**

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the project sponsor to verify that the information contained in Part 1 is accurate and complete.

Will the proposed action generate or emit methane (including, but not limited to, sewage treatment plants, landfills, composting facilities)?</li> <li>If Yes: <ol> <li>Estimate methane generation in tons/year (metric):</li> <li>Describe any methane capture, control or elimination measures included in project design (e.g., combustion to gelectricity, flaring):</li> </ol> </li> </ul>	enerate heat or
<ul> <li>i. Will the proposed action result in the release of air pollutants from open-air operations or processes, such as quarry or landfill operations?</li> <li>If Yes: Describe operations and nature of emissions (e.g., diesel exhaust, rock particulates/dust):</li> </ul>	□Yes <b>()</b> No
j. Will the proposed action result in a substantial increase in traffic above present levels or generate substantial new demand for transportation facilities or services?  If Yes:  i. When is the peak traffic expected (Check all that apply):	Yes No access, describe:  Yes No Yes No
viii. Will the proposed action include plans for pedestrian or bicycle accommodations for connections to existing pedestrian or bicycle routes?	☐Yes☐No
<ul> <li>k. Will the proposed action (for commercial or industrial projects only) generate new or additional demand for energy?</li> <li>If Yes: <ul> <li>i. Estimate annual electricity demand during operation of the proposed action:</li> <li>ii. Anticipated sources/suppliers of electricity for the project (e.g., on-site combustion, on-site renewable, via grid other):</li> </ul> </li> </ul>	Yes No
iii. Will the proposed action require a new, or an upgrade to, an existing substation?	∐Yes No
1. Hours of operation. Answer all items which apply.   i. During Construction: ii. During Operations:   • Monday - Friday: • Monday - Friday:   • Saturday: • Saturday:   • Sunday: • Sunday:   • Holidays: • Holidays:	

	□Yes <b>Ø</b> No
ii. Will proposed action remove existing natural barriers that could act as a noise barrier or screen?  Describe:	□Yes□No
n Will the proposed action have outdoor lighting?  If yes:  i. Describe source(s), location(s), height of fixture(s), direction/aim, and proximity to nearest occupied structures;	☐ Yes ♠No
<ul> <li>ii. Will proposed action remove existing natural barriers that could act as a light barrier or screen?</li> <li>Describe:</li> </ul>	□Yes □No
o. Does the proposed action have the potential to produce odors for more than one hour per day?  If Yes, describe possible sources, potential frequency and duration of odor emissions, and proximity to nearest occupied structures:	□Yes No
p. Will the proposed action include any bulk storage of petroleum (combined capacity of over 1,100 gallons) or chemical products 185 gallons in above ground storage or any amount in underground storage?  If Yes:  i. Product(s) to be stored  ii. Volume(s) per unit time (e.g., month, year)  iii. Generally describe proposed storage facilities:	☐ Yes <b>@</b> No
<ul> <li>q. Will the proposed action (commercial, industrial and recreational projects only) use pesticides (i.e., herbicides, insecticides) during construction or operation?</li> <li>If Yes: <ul> <li>i. Describe proposed treatment(s):</li> </ul> </li> </ul>	☐ Yes MNo
<ul> <li>ii. Will the proposed action use Integrated Pest Management Practices?</li> <li>r. Will the proposed action (commercial or industrial projects only) involve or require the management or disposal of solid waste (excluding hazardous materials)?</li> <li>If Yes: <ul> <li>i. Describe any solid waste(s) to be generated during construction or operation of the facility:</li> <li>Construction:</li> <li>tons per</li> <li>(unit of time)</li> </ul> </li> <li>ii. Describe any proposals for on-site minimization, recycling or reuse of materials to avoid disposal as solid waste</li> </ul>	
Construction:	

To Door the minutes of the last of the las			[] \ \ \ (200 \)
s. Does the proposed action include construction or mod. If Yes:	itication of a solid waste in	anagement facility?	Yes M No
i. Type of management or handling of waste proposed	for the site (e.g., recycling	or transfer station, composting	, landfill, or
other disposal activities):			
ii. Anticipated rate of disposal/processing:			
Tons/month, if transfer or other non-		ent, or	
• Tons/hour, if combustion or thermal	treatment		
iii. If landfill, anticipated site life:	years years		
t. Will proposed action at the site involve the commercia	l generation, treatment, stor	rage, or disposal of hazardous	Yes No
waste? If Yes:			
i. Name(s) of all hazardous wastes or constituents to be	e generated handled or man	naged at facility:	
4			
ii. Generally describe processes or activities involving h	nazardous wastes or constit	uents:	
iii. Specify amount to be handled or generatedto	ons/month		
iv. Describe any proposals for on-site minimization, rec	ycling or reuse of hazardou	is constituents:	
v. Will any hazardous wastes be disposed at an existing	officia hazardous waste fo	oility?	□Yes□No
If Yes: provide name and location of facility:	distre nazardous waste 12	tenity:	□ 1 c2□140
If No: describe proposed management of any hazardous	wastes which will not be se	ent to a hazardous waste facilit	y:
E. Site and Setting of Proposed Action			
E. Die und Deteilig di I Toposed Metion			
E.1. Land uses on and surrounding the project site			
a. Existing land uses.			
i. Check all uses that occur on, adjoining and near the	project site.		
☐ Urban ☐ Industrial ☐ Commercial ☐ Resid	lential (suburban) 📮 Ru	ral (non-farm)	
	(specify): Mixe	4

m. Identify the predominant wildlife species that occupy or use the pro-	oject site:	
n. Does the project site contain a designated significant natural community Yes:  i. Describe the habitat/community (composition, function, and basis)		No
<ul> <li>ii. Source(s) of description or evaluation: <ul> <li>iii. Extent of community/habitat:</li> <li>Currently:</li> <li>Following completion of project as proposed:</li> <li>Gain or loss (indicate + or -):</li> </ul> </li> <li>o. Does project site contain any species of plant or animal that is listed endangered or threatened, or does it contain any areas identified as head or threatened.</li> </ul>	acres acres acres acres by the federal government or NYS as	<b>N</b> o
p. Does the project site contain any species of plant or animal that is I special concern?	isted by NYS as rare, or as a species of Yes	No
q. Is the project site or adjoining area currently used for hunting, trapp If yes, give a brief description of how the proposed action may affect to	oing, fishing or shell fishing?	No No
E.3. Designated Public Resources On or Near Project Site		
a. Is the project site, or any portion of it, located in a designated agriculture and Markets Law, Article 25-AA, Section 303 and 304 If Yes, provide county plus district name/number:	<b>y</b> ?	IL No
<ul> <li>b. Are agricultural lands consisting of highly productive soils present?</li> <li>i. If Yes: acreage(s) on project site?</li> <li>ii. Source(s) of soil rating(s):</li> </ul>		No
<ul> <li>c. Does the project site contain all or part of, or is it substantially cont Natural Landmark?</li> <li>If Yes: <ul> <li>i. Nature of the natural landmark:</li> <li>ii. Provide brief description of landmark, including values behind description.</li> </ul> </li> </ul>	Geological Feature	No
d. Is the project site located in or does it adjoin a state listed Critical E If Yes:  i. CEA name:  ii. Basis for designation:  iii. Designating agency and date:		<b>™</b> No

v. Is the project site subject to an institutional control limiting property uses?	□Yes□No
If yes, DEC site ID number:  Describe the type of institutional control (e.g., deed restriction or easement):  Describe any use limitations:	
Describe any engineering controls:     Will the project affect the institutional or engineering controls in place?     Explain:	□Yes□No
E.2. Natural Resources On or Near Project Site	
a. What is the average depth to bedrock on the project site?  N/A fect	
b. Are there bedrock outcroppings on the project site?  If Yes, what proportion of the site is comprised of bedrock outcroppings?	□ Yes <b>n</b> No
c. Predominant soil type(s) present on project site:  '%  '%  '%  '%  '%  '%  '%  '%  '%  '	
d. What is the average depth to the water table on the project site? Average: feet	
e. Drainage status of project site soils: Well Drained:	
f. Approximate proportion of proposed action site with slopes: 0-10%: UNKNOWN% of site	
g. Are there any unique geologic features on the project site?  If Yes, describe:	☐ Y es No
h. Surface water features.  i. Does any portion of the project site contain wetlands or other waterbodies (including streams, rivers, monde or lelves)?	Yes No
ponds or lakes)?  ii. Do any wetlands or other waterbodies adjoin the project site?	☐Yes <b>®</b> No
If Yes to either i or ii, continue. If No, skip to E.2.i.  iii. Are any of the wetlands or waterbodies within or adjoining the project site regulated by any federal, state or local agency?	□Yes □No
iv. For each identified regulated wetland and waterbody on the project site, provide the following information:  • Streams: Name Classification	
Lakes or Ponds: Name Classification Approximate Size	
<ul> <li>Wetland No. (if regulated by DEC)</li> <li>v. Are any of the above water bodies listed in the most recent compilation of NYS water quality-impaired waterbodies?</li> <li>If yes, name of impaired water body/bodies and basis for listing as impaired:</li> </ul>	□Yes <b>®</b> No
If yes, halle of imparied water body/bodies and basis for fishing as imparied.	
i. Is the project site in a designated Floodway?	☐Yes <b>②</b> No
j. Is the project site in the 100 year Floodplain?	☐Yes No
k. Is the project site in the 500 year Floodplain?	☐Yes No
l. Is the project site located over, or immediately adjoining, a primary, principal or sole source aquifer?  If Yes:  i. Name of aquifer:	□Yes <b>™</b> No

<ul> <li>c. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or district which is listed on, or has been nominated by the NYS Board of Historic Preservation for inclusion on, the State or National Register of Historic Places?</li> <li>If Yes: <ul> <li>i. Nature of historic/archaeological resource:</li> <li>ii. Name:</li> <li>iii. Brief description of attributes on which listing is based:</li> </ul> </li> </ul>	□ Yex No
m. Bhet description of attributes on which listing is based:	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	Yes No
g. Have additional archaeological or historic site(s) or resources been identified on the project site?  If Yes:  i. Describe possible resource(s):  ii. Basis for identification:	Yes No
h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource?  If Yes:  i. Identify resource:  ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or	Yes No
etc.);	
<ul> <li>iii. Distance between project and resource: miles.</li> <li>i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666?</li> <li>If Yes: <ul> <li>i. Identify the name of the river and its designation:</li> </ul> </li> </ul>	☐ Yes No
ii. Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	□Yes □No
F. Additional Information Attach any additional information which may be needed to clarify your project.  If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts which you propose to avoid or minimize them.	impacts plus any
